

Townhall Guest Talk

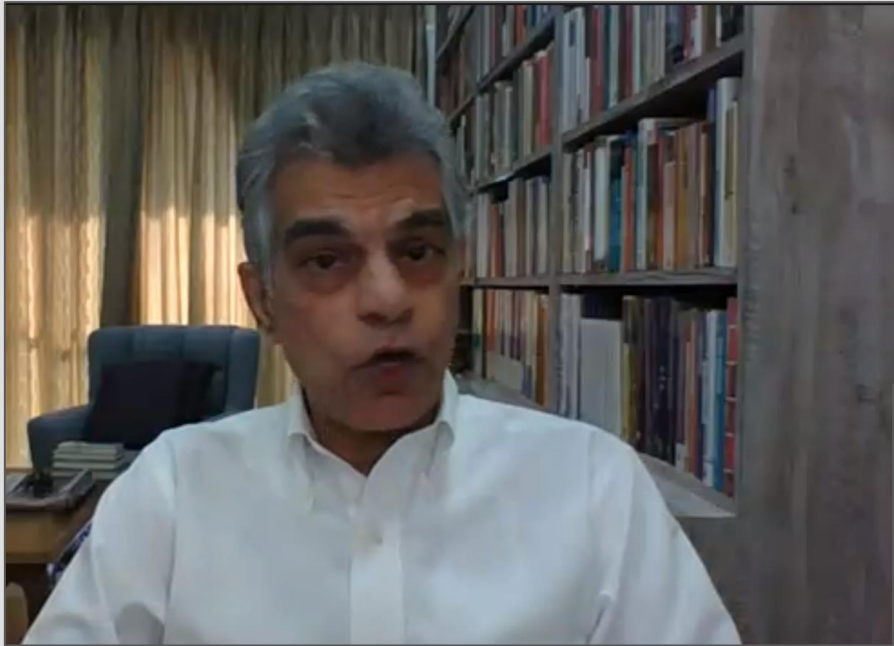

Every Number Tells a Story. It is important to spot the problem and solve it, rather than camouflage it.

The extended family at Avalon Consulting and Avalon Global Research were pleased to host **Mr. Mahesh Vyas (Managing Director and CEO of Centre for Monitoring Indian Economy Pvt Ltd)** as the guest speaker for our latest Townhall.

As MD and CEO of CMIE for over 20 years, he strategized and engineered the company's transition from a private think tank to a database company and then into a database-oriented business solutions company.

Mr. Vyas gave an engaging talk about the **Macro Dynamics of the Indian Economy Post the Pandemic**. The interaction comprehensively covered the various levers of the economy: Growth rate projections, investments, consumer sentiments, glaring unemployment, etc.

A large grid of video feeds showing multiple participants in a meeting. The grid is organized into several rows and columns. The top row includes feeds for Kartik Shankar, Ashish Jain, Raj Nair, and Mahesh Vyas (Guest). The middle row includes feeds for Rishikesh Deshpande, Ayush Patodia, Ankur Rastogi, and Shubham Chatterjee. The bottom row includes feeds for Mahesh Vyas (Guest), Suyog Keluskar, Sridhar Venkiteswaran, and Rishabh Mukherjee, CFA. On the right side of the grid, there is a sidebar with a profile for Subhabrata, a '+125' button, and a small video feed of a man.
